

PROFESSIONAL PRESENTATIONS

- Molloy, D. P.** A bold new research path to controlling dreissenids throughout entire water bodies. January 22, 2020. Columbia River Basin Team Meeting, Portland, Oregon. [Available online.](#)
- Molloy, D. P.** A research path to achieving control of dreissenid mussels throughout entire lakes. October 30, 2019. 21st International Conference on Aquatic Invasive Species, Montreal, Canada. [Available online.](#)
- Molloy, D. P.** An international collaborative project documenting the parasites of *Dreissena* spp. mussels throughout Eurasia. October 3, 2019. 8th International Conference of Ecologists of Montenegro, Budva, Montenegro. [Available online.](#)
- Molloy, D. P.** An international collaborative project documenting the parasites of *Dreissena* spp. mussels throughout Eurasia. September 4, 2019. Joint ESENIAS and DIAS Scientific Conference and 9th ESENIAS Workshop, Ohrid, Republic of North Macedonia. [Available online.](#)
- Molloy, D. P.** Endosymbiont protistan diversity in zebra mussels, quagga mussels and other *Dreissena* spp. in North America and Eurasia. March 30, 2019. Annual Meeting of the Midwest Society of Protozoologists, Peoria, Illinois. [Available online.](#)
- Molloy, D. P.** Achieving control of dreissenid mussels throughout entire lakes: No, this is not just wishful thinking. February 1, 2019. Department of Biology, State University of New York at Oswego, New York. [Available online.](#)
- Molloy, D. P.** A research path to the control of dreissenids throughout entire water bodies. January 29, 2019. Midwest Fish & Wildlife Conference, Cleveland, Ohio. [Available online.](#)
- Molloy, D. P.** Needle in a haystack research projects for environmental protection: Two down and one to go. May 18, 2018. Keynote Speaker at University of Minnesota Natural Resources Conference, Brainerd, Minnesota. [Available online.](#)
- Molloy, D. P.** Do the infectious diseases of dreissenids represent a threat to North American unionid populations? March 13, 2018. Freshwater Mollusk Health and Disease Assessment Workshop, Freshwater Mollusk Conservation Society, La Crosse, Wisconsin. [Available online.](#)
- Molloy, D. P.** An international collaborative project documenting the parasites of *Dreissena* spp. mussels throughout Eurasia. October 4, 2017. Keynote Speaker at International Symposium of Ecologists. Sutomore, Montenegro. [Available online.](#)
- Molloy, D. P.** Biological control of zebra and quagga mussels. February 10, 2017. Department of Natural Resources and Environmental Sciences, University of Illinois, Urbana-Champaign, Illinois. [Video - Available online.](#)
- Molloy, D. P.** Bye, bye zebra and quagga mussels??? Invasive species eradication with CRISPR-Cas9 gene drive. October 19, 2016. Aquatic Nuisance Species Western Regional Panel Meeting. Jackson Hole, Wyoming. Poster Presentation. [Available online.](#)
- Molloy, D. P.** Bye, bye zebra and quagga Mussels??? I Invasive species eradication with CRISPR-Cas9 gene drive. October 4, 2016. SynBioBeta Synthetic Biology Conference. San Francisco, California. Poster Presentation. [Available online.](#)

- Molloy, D. P.** Achieving control of zebra and quagga mussels throughout entire lakes: No, this is not just wishful thinking. September 13, 2016. Illinois Natural History Survey, University of Illinois, Urbana-Champaign, Illinois. [Available online.](#)
- Molloy, D. P.** Achieving control of dreissenids throughout entire lakes: No, this is not just wishful thinking. April 11, 2016. Nineteenth International Conference on Aquatic Invasive Species. Winnipeg, Manitoba, Canada. [Available online.](#)
- Molloy, D. P.** Caution! Some dreissenid “early detection” methods are actually “early deception” methods. April 11, 2016. Nineteenth International Conference on Aquatic Invasive Species. Winnipeg, Manitoba, Canada. [Available online.](#)
- Molloy, D. P.** 3-hr Workshop: Zebra and quagga mussels infestations in open waters. April 12, 2016. Nineteenth International Conference on Aquatic Invasive Species. Winnipeg, Manitoba, Canada. [Available online.](#)
- Molloy, D. P.** Control of dreissenids throughout entire lakes: No, this is not just wishful thinking. January 12, 2016. US Bureau of Reclamation. Denver, CO. (Invited speaker.)
- Molloy, D. P.** 3-hr Workshop: Zebra and quagga mussels -- Key elements of a prevention, early detection, rapid response, and management plan. November 16, 2015. Annual Meeting of the North American Lake Management Society. Saratoga Springs, NY. (Submitted workshop.)
- Molloy, D. P.** Controlling dreissenids 101 -- Research recommendations. November 4, 2015. Dreissenid Mussel Research Priorities Workshop. Portland, Oregon. (Invited speaker.)
- Molloy, D. P.** Control of dreissenids throughout entire lakes: No, this is not just wishful thinking. October 27, 2015. Great Lakes Fishery Commission Council of Lake Committees Fall Meeting. Romulus, Michigan. (Invited speaker.)
- Molloy, D. P.** Zebra/quagga mussel biocontrol 2.0 -- An outside-the-shell research plan capable of developing the next generation of environmentally safe control agent. October 9, 2015. Stony Brook University School of Marine and Atmospheric Sciences, Stony Brook, New York. (Invited speaker.) [Video - Available online](#)
- Molloy, D. P.** Control of dreissenids throughout entire lakes: No, this is not just wishful thinking. September 2, 2015. Western Regional Panel on Aquatic Invasive Species Annual Meeting. South Lake Tahoe, CA (Submitted paper.)
- Molloy, D. P.** Sampling for “early” detection of a dreissenid introduction in open waters: Its value is real, but typically overestimated. August 13, 2015. Interagency Quagga Mussel Webinar Meeting, Las Vegas, NV (Submitted paper.)
- Molloy, D. P.** The future of dreissenid control in open waters. May 27, 2015. Annual Conference of the International Association for Great Lakes Research. Burlington, Vermont. (Submitted paper.) [Available online](#)
- Molloy, D. P.** How a watercraft inspector can quickly & conclusively prove an attached dreissenid is live. May 1, 2015. New York State Federation of Lake Association’s Citizen Science Conference, Hamilton, NY (Invited speaker.)
- Molloy, D. P.** Biological control of zebra and quagga mussels. January 28, 2015. Partnerships for Regional Invasive Species Management (PRISM) Monthly Webinar Lecture. Albany, NY (Invited speaker.) [Video link](#)

- Molloy, D. P.** Needle in a haystack research projects for environmental protection: Two down and one to go. Fordham University Science Council Lecture. November 6, 2014. New York City, NY (Invited speaker.) Available online: [News release link](#) & [video link](#).
- Molloy, D. P.** How a watercraft inspector can quickly & conclusively prove an attached dreissenid is live. Columbia River Basin Team Meeting. October 2, 2014. Vancouver, WA (Invited speaker.)
- Molloy, D. P.** Studying underwater critters – A researcher's portfolio of most challenging projects. September 23, 2014. SUNY Adirondack Community College, Queensbury, NY (Invited speaker.)
- Molloy, D. P.** Zebra mussels - A formidable foe for the Iowa Great Lakes & the challenge of trying to control them. September 12, 2014. Lakeside Laboratory, West Okoboji Lake, Okoboji, Iowa. (Invited speaker.)
- Molloy, D. P.** How a watercraft inspector can definitively determine that a dreissenid mussel is live. Interagency Quagga Mussel Meeting. August 14, 2014. Las Vegas, NV. (Invited speaker.)
- Molloy, D. P.** The search for an environmentally safe zebra mussel control method. Dubai American Academy. May 14, 2014. Dubai, United Arab Emirates. (Invited speaker.)
- Molloy, D. P.** A researcher's perspective: The challenges of controlling zebra mussels in lakes. Annual Meeting of the New York State Federation of Lake Associations. May 2, 2014. Hamilton, NY (Invited speaker)
- Molloy, D. P.** Top 10 little known facts about black flies. Department of Biological Sciences, University at Albany. April 29, 2014. Albany, NY (Guest lecturer).
- Molloy, D. P.** The use of biological control methods for the management of dreissenid (zebra and quagga mussel) populations. Biology Department Seminar Series, State University of New York at Oneonta. September 6, 2014. Oneonta, NY (Invited speaker.)
- Molloy, D. P.** Planning a "Needle in a Haystack" project – The search for the alternate, obligate host(s) of the zebra mussel parasite *Haplosporidium raabei*. Annual Meeting of the Society for Invertebrate Pathology. August 14, 2014. Pittsburgh, PA. (Submitted paper.)
- Molloy, D. P.** An investigation of oomycetes infecting rotifers in Brooktrout lake, NY – Lethal parasites that produce outgrowths with distinctive morphologies but of unknown function. Annual Meeting of the Society for Invertebrate Pathology. August 14, 2013. Pittsburgh, PA. (Submitted paper.)
- Molloy, D. P.** A research path to making control of dreissenids in Minnesota lakes a reality. Minnesota Aquatic Invasive Species Research Center, University of Minnesota. September 9, 2013. St. Paul, MN (Invited speaker.)
- Molloy, D. P.** Microbial control of an invasive aquatic mollusc, the zebra mussel – The quest from the researcher's perspective. Annual Meeting of the Society for Invertebrate Pathology. August 13, 2013. Pittsburgh, PA. (Invited speaker.)
- Molloy, D. P.** Top ten little known facts about black flies. April 26, 2014. Department of Biological Sciences, University at Albany, Albany, NY (Invited speaker)
- Molloy, D. P.** Déjà Vu: Planning a "Needle in a Haystack" Project. June 17, 2013. College of William and Mary Virginia Institute of Marine Science. Gloucester Point, VA (Visiting lecturer)
- Molloy, D. P.** Déjà Vu: Planning a "Needle in a Haystack" Project. NOAA Center for Coastal Environmental Health and Biomolecular Research. June 16, 2013. Oxford, Maryland. (Visiting lecturer)

- Molloy, D. P.** and Osgood, D. Zequanox trials on Lake Minnetonka. Lake Minnetonka Communications Commission Community Television. June 26, 2013. Lake Minnetonka, Minnesota. (Invited speaker.) [Available online.](#)
- Molloy, D. P.** A perspective on the use of biological control methods for dreissenid management: The past, the present, the future. Eighteenth International Conference on Aquatic Invasive Species. April 24, 2013. Niagara Falls, Ontario, Canada. (Invited keynote speaker.) [Available online.](#)
- Molloy, D. P.**, Stokes, N., Giamberini, L., and Sohm-Rederstorff, B. Could zebra mussels help unravel the mysterious life cycle of an introduced and virulent parasite of oysters? Eighteenth International Conference on Aquatic Invasive Species. April 23, 2013. Niagara Falls, Ontario, Canada. (Submitted paper.) [Available online.](#)
- Molloy, D. P.** and Siegfried, C. A. Why do these rotifers look so odd? Investigating a lethal disease at a remote Adirondack lake. Department of Biological Sciences Seminar Series, University at Albany, State University of the State of New York. March 1, 2013. Albany, NY (Submitted paper.)
- Molloy, D. P.**, Siegfried, C. A., Wurdak, E., Glockling, S. L., Mastitsky, S. E., Gaylo, M. J., Giamberini, L., and Nemeth, M. J. Aquatic rotifers are infected by lethal oomycete parasites that form tubular outgrowths of uncertain function. Thirteenth International Rotifer Symposium. November 22, 2012. Meghalaya, India. (Submitted paper.)
- Molloy, D. P.** Could Commercy Become Famous for More Than Just La Madeleine? The Exceptional Suitability of the Meuse River near Commercy as a Potential Study Site to Unravel the Mysterious Life Cycle of a Spore-Forming Parasite of Zebra Mussels. University of Lorraine Seminar Series. April 26, 2012. Metz, France. (Invited speaker.)
- Molloy, D. P.** Zebra mussels: Research update. Minnesota AIS Symposium: The Latest in Research and Policy. March 20, 2012. St. Paul, MN. (Invited speaker.)
- Molloy, D. P.** Cracking the Life Cycle of a Zebra Mussel Parasite: The Top Research Project on Dan's Bucket List. Ecology and Evolutionary Biology Seminar Series, State University of New York at Albany. January 27, 2012. Albany, NY (Invited speaker.)
- Molloy, D. P.** Unraveling the mystery of rotifer deaths at a remote Adirondack lake. Great Lakes Center at Buffalo State College. November 17, 2011. Buffalo, NY. (Invited speaker.)
- Molloy, D. P.** Zebra mussels: Panel discussion on zebra mussels and Asian carp hosted by Minnesota Waters. September 16, 2011. Excelsior, MN. (Invited speaker.)
- Molloy, D. P.** A formidable foe: The search for an environmentally safe zebra mussel control method. Presentation hosted by Green Lake Property Owners Association. September 15, 2011. Spicer, MN. (Invited speaker.)
- Molloy, D. P.** Zebra mussels. City of Excelsior Chamber of Commerce. September 14, 2011. Excelsior, MN. (Invited speaker.)
- Molloy, D. P.** Celebrating Minnesota's treasure: Its lakes and rivers. Minnesota Waters Awards Night. September 14, 2011. Excelsior, MN. (Keynote speaker.)
- Molloy, D. P.** A formidable foe: The search for an environmentally safe zebra mussel control method. Presentation hosted by Whitefish Area Property Owners Association. September 13, 2011. Ideal, MN. (Invited speaker.)

- Molloy, D. P.** A formidable foe: The search for an environmentally safe zebra mussel control method. Presentation hosted by Minnehaha Creek Watershed District and Minneapolis Parks and Recreation Board. September 12, 2011. Minneapolis, MN. (Invited speaker.) [Available online.](#)
- Molloy, D. P.** Aquatic critters are being killed. Who done it? New York State Museum Lecture Series. August 23, 2011. Albany, NY. (Invited lecture.)
- Molloy, D. P.** The search for an environmentally safe zebra mussel control method. Douglas County Lake Association Meeting. July 13, 2011. Alexandria, MN. (Invited speaker.)
- Molloy, D. P.** Aquatic critters are being killed. Who done it? New York State Museum Lecture Series. September 15, 2010. Albany, NY. (Submitted lecture.)
- Molloy, D. P.** Research at the NYS Museum's Field Research Laboratory. NYS Museum. October 27, 2009. Albany, NY.
- Molloy, D. P.,** and Mayer, D. A. Zebra Mussels: A new green method to control them is coming down the pipeline. New York State Energy Research and Development Authority. October 19, 2009. Albany, NY. (Invited speaker.)
- Molloy, D. P.** Development of the *Pf*-CL145A biocontrol product for invasive mussels. Ontario Power Generation. June 23, 2009. Niagara-on-the Lake, Ontario, Canada. (Invited speaker.)
- Molloy, D. P.,** Nishikawa, K. C., and Mayer, D. A. Quagga and zebra mussels: Are they a major cause of the botulism E epidemic? Could it happen out west? Sixteenth International Conference on Aquatic Invasive Species. April 22, 2009. Montreal, Canada. (Submitted paper.)
- Molloy, D. P.,** and Mayer, D. A. *Pseudomonas fluorescens* strain CL145A as a zebra and quagga mussel control agent. Sixteenth International Conference on Aquatic Invasive Species. April 21, 2009. Montreal, Canada. (Submitted paper.)
- Molloy, D. P.** Top 10 little known facts about black flies. NYS Department of Environmental Conservation *Bti* Applicators Certification Meeting. February 11, 2009. Indian Lake, NY. (Invited speaker.)
- Molloy, D. P.** Top 10 little known facts about black flies. Thacher Nature Center. February 7, 2009. Voorheesville, NY. (Invited speaker.)
- Molloy, D. P.** Green technology research at the NYS Museum: Protecting biodiversity by reducing chemical pesticides. New York State Museum. December 3, 2008. Albany, NY. (Invited speaker.)
- Molloy, D. P.,** and Mayer, D. A. Development of the *Pf*-CL145A biocontrol product for invasive mussels. Ontario Power Generation. October 24, 2008. Niagara-on-the Lake, Ontario, Canada. (Invited speaker.)
- Molloy, D. P.** *Dreissena* biology and control research at the New York State Museum. Field Research Laboratory Open House. September 20, 2008. Cambridge, NY.
- Mayer, D. A., and **Molloy, D. P.** Development of a process for the production of a killed-cell biopesticide. Annual Meeting of the Society for Industrial Microbiology. August 12, 2008. San Diego, CA (Invited speaker.)
- Molloy, D. P.** A green technology for zebra and quagga mussel control. USFWS/USEPA Botulism Workshop. June 23, 2008. Detroit, MI. (Invited speaker.)

- Molloy, D. P.**, and Mayer, D. A. Biological control of zebra and quagga mussels: Potential use of a novel microbial agent. American Fisheries Society Western Division Annual Meeting. May 5, 2008. Portland, OR. (Invited speaker.)
- Molloy, D. P.**, and Mayer, D. A. Biological control of zebra and quagga mussels. Natural History Conference X. April 18, 2008. Albany, NY. (Submitted paper.)
- Molloy, D. P.** Endosymbionts of zebra and quagga mussels: What is their significance? Natural History Conference X. April 18, 2008. Albany, NY. (Submitted paper.)
- Molloy, D. P.** Parasites and other endosymbionts of zebra and quagga mussels: What is their significance? Great Lakes Center at Buffalo State College. April 3, 2008. Buffalo, NY. (Invited speaker.) ([Abstract online.](#))
- Molloy, D. P.** Managing zebra and quagga mussels with environmentally-safe biological control agents: Can it be done? 3rd Annual Aquatic Nuisance Species Workshop March 7, 2008. Brighton, CO. (Invited speaker.)
- Molloy, D. P.** Managing zebra and quagga mussels with environmentally-safe biological control agents: Can it be done? US Bureau of Reclamation. March 5, 2008. Denver, CO. (Invited speaker.)
- Molloy, D. P.** Managing zebra and quagga mussels with environmentally-safe biological control agents: Can it be done? 3rd Annual Aquatic Nuisance Species Workshop March 3, 2008. Grand Junction, CO. (Invited speaker.)
- Molloy, D. P.**, and Mayer, D. A. Biological control of zebra and quagga mussels. 68th Midwest Fish and Wildlife Conference. December 11, 2007. Madison, WI. (Invited speaker.)
- Molloy, D. P.**, and Mayer, D. A. Update on *Pseudomonas fluorescens* strain CL145A as a zebra mussel control agent. Fifteenth International Conference on Aquatic Invasive Species. September 26, 2007. Nijmegen, Netherlands. (Submitted paper.)
- Molloy, D. P.**, Kazubski, S., Giamberini, L., and Mastitsky, S. E. First report of a high prevalence and intensity of parasitic infection in North American zebra mussels: What's the significance? Fifteenth International Conference on Aquatic Invasive Species. September 25, 2007. Nijmegen, Netherlands. (Submitted paper.)
- Molloy, D. P.**, and Mastitsky, S. E. *Dreissena polymorpha* (zebra mussels) versus *Dreissena rostriformis bugensis* (quagga mussels): A review of their different invasion dynamics. Fifteenth International Conference on Aquatic Invasive Species. September 25, 2007. Nijmegen, Netherlands. (Submitted paper.)
- Mayer, D. A., and **Molloy, D. P.** Fermentative development of *Pseudomonas fluorescens* CL145A as a biocontrol agent against zebra mussels. Annual Meeting of the Society for Industrial Microbiology. August 1, 2007. Denver, CO. (Invited speaker.)
- Molloy, D. P.** Searching for environmentally-safe biological control agents as alternatives to polluting chemical pesticides. Bio-Chem Mentor Network of New York State. April 27, 2007. Albany, NY. (Invited speaker.)
- Molloy, D. P.** Two decades of black fly control with *Bti* in New York State: An overview. Annual Meeting of the Northeastern Mosquito Control Association. November 28, 2006. Saratoga Springs, NY. (Invited speaker.)
- Molloy, D. P.**, Gaylo, M. J., Morse, J. T., and Mayer, D. A. Further evidence of the environmental safety of the zebra mussel control agent *Pseudomonas fluorescens* strain CL145A: Lack of acute

- toxicity to *Daphnia magna*. Annual Meeting of the Society for Industrial Microbiology. July 31, 2006. Baltimore, MD. (Submitted poster.)
- Molloy, D. P.**, Trajanovski, S. L., Trajanovska, S. P., and Wilke, T. Pollution within Lake Ohrid – An impediment to addressing an important ecological question. BALWOIS Conference on Water Observation and Information System for Decision Support. May 25, 2006. Ohrid, Republic of Macedonia. (Submitted poster.)
- Molloy, D. P.**, Gaylo, M. J., Morse, J. T., and Mayer, D. A. Further evidence of the environmental safety of the zebra mussel control agent *Pseudomonas fluorescens* strain CL145A: Lack of acute toxicity to *Daphnia magna*. Fourteenth International Conference on Aquatic Invasive Species. May 17, 2006. Key Biscayne, FL. (Submitted poster.)
- Molloy, D. P.**, Karatayev, A. Y., and Burlakova, L. E. Predators, endosymbionts, and benthic competitors of zebra mussels: Interactions and impacts. Fourteenth International Conference on Aquatic Invasive Species. May 17, 2006. Key Biscayne, FL. (Submitted paper.)
- Molloy, D. P.** Aquatic invertebrates. Mount Anthony High School. February 3, 2006. Bennington, VT. (Invited speaker.)
- Molloy, D. P.** Top ten little known facts about black flies. NYS Museum Fall Series on the Adirondacks. November 30, 2005. Albany, NY. (Invited speaker.)
- Molloy, D. P.** Use of bacteria for zebra mussel control. Lake Erie Botulism Workshop. April 5, 2005. Buffalo, NY. (Submitted paper.)
- Molloy, D. P.** Bacteria and zebra mussels: What's known about their interactions? Annual Meeting of the New England Association of Environmental Biologists. March 17, 2005. Lake George, NY. (Invited speaker.)
- Molloy, D. P.**, and Trajanovski, S. L. Lake Ohrid – A showcase of evolution. New York State Museum. February 16, 2005. Albany, NY. (Invited speaker.)
- Molloy, D. P.**, Trajanovski, S. L., Trajanovska, S. P., Burlakova, L. E., Karatayev, A. Y., Giamberini, L., and Cryan, J. R. A very geographically-isolated zebra mussel - *Dreissena stankovici*: Comparison with other *Dreissena* spp. Thirteenth International Conference on Aquatic Invasive Species. September 24, 2004. Ennis, County Clare, Ireland. (Submitted paper.)
- Molloy, D. P.**, Gaylo, M. J., Mayer, D. A., and Presti, K. T. Progress in the biological control of zebra mussels: Results of laboratory and power plant tests. Thirteenth International Conference on Aquatic Invasive Species. September 22, 2004. Ennis, County Clare, Ireland. (Submitted paper.)
